The Minor Program in Civic Engagement and Social Entrepreneurship (18 credits)

The Minor in Civic Engagement and Social Entrepreneurship (CESE) is an interdisciplinary program open to all students interested in issues of social and political justice; business and economic opportunity; equal access to education, health care and the arts; environmental conservation as well as cross-cultural understanding both within the United States and internationally. Through interdisciplinary study and service, students will become proactive citizens who find creative and practical solutions to local, national and global problems. Students will be able to use their liberal arts education in combination with a variety of business, writing and research skills to create an original project that will seek to remedy clearly defined social, cultural or economic problems. This program is primarily intended for students who have an interest in social entrepreneurship and community service and who desire interdisciplinary knowledge which can transform and make a difference in society.

Program Objectives:

1. To provide students with the interdisciplinary knowledge and skills needed to study, research and find innovative solutions to contemporary problems.
2. To help students to understand social entrepreneurship theory and development as it is practiced locally, nationally and globally.
3. To offer students an opportunity to study contemporary issues and their solutions through community based problem solving and service learning.

Program Requirements:

Students should work with the Director to select courses, a community agency and complete the program.

1. A minimum of 18 credits are required to complete the minor, including a capstone off-campus partnership with a community agency.
2. Core requirements: SOWK 216, 470; Engl 454; and BUSN 340.
3. Select two approved electives (6 credits) in a field of special interest from two different disciplines.
4. Special Topics and other courses can be used if approved by the Director.
